MAXIMUM MEDICAID PAYMENT RATES FOR LISTED PRACTITIONER PEDIATRIC SERVICES

EVALUATION AND MANAGEMENT

I. Office or Other Outpatient Services

FEES

NEW PATIENT

99201	Office or other outpatient visit for the evaluation and management of a new patient, which requires these three key components:  * a problem focused history; * a problem focused examination; and * straightforward medical decision making.	\$ 23.10
99202	Office or other outpatient visit for the evaluation and management of a new patient, which requires these three key components:  * an expanded problem focused history; * an expanded problem focused examination; and * straightforward medical decision making.	29.40
99203	Office or other outpatient visit for the evaluation and management of a new patient, which requires these three key components:  * a detailed history; * a detailed examination; and * medical decision making of low complexity.	36.75
99204	Office or other outpatient visit for the evaluation and management of a new patient, which requires these three key components:  * a comprehensive history; * a comprehensive examination; and * medical decision making of moderate complexity.	49.87

- 99205 Office or other outpatient visit for the evaluation and management of a new patient, which requires these three key components: 69.30
- \* a comprehensive history;
  - \* a comprehensive examination; and
  - \* medical decision making of high complexity.
- ESTABLISHED PATIENT
- 99212 Office or other outpatient visit for the evaluation and management of an established patient, which requires at least two of these three key components: 23.10
- \* a problem focused history;
  - \* a problem focused examination;
  - \* straightforward medical decision making.
- 99213 Office or other outpatient visit for the evaluation and management of an established patient, which requires at least two of these three key components: 28.35
- \* an expanded problem focused history;
  - \* an expanded problem focused examination;
  - \* medical decision making of low complexity.
- 99214 Office or other outpatient visit for the evaluation and management of an established patient, which requires at least two of these three key components: 34.12
- \* a detailed history;
  - \* a detailed examination;
  - \* medical decision making of moderate complexity.
- 99215 Office or other outpatient visit for the evaluation and management of an established patient, which requires at least two of these three key components: 55.65
- \* a comprehensive history;
  - \* a comprehensive examination;
  - \* medical decision making of high complexity.

## II. Hospital Observation Services

### INITIAL OBSERVATION CARE NEW OR ESTABLISHED PATIENT

- 99218 Initial observation care, per day, for the evaluation and management of a patient which requires these three key components: 65.62

- \* a detailed or comprehensive history;
- \* a detailed or comprehensive examination; and
- \* medical decision making that is straightforward or of low complexity.

99219 Initial observation care, per day, for the evaluation and management of a patient, which requires these three key components: 84.52

- \* a comprehensive history;
- \* a comprehensive examination; and
- \* medical decision making of moderate complexity.

99220 Initial observation care, per day, for the evaluation and management of a patient, which requires these three key components: 105.00

- \* a comprehensive history;
- \* a comprehensive examination; and
- \* medical decision making of high complexity.

### III. Hospital Inpatient Services

#### INITIAL INPATIENT CARE NEW OR ESTABLISHED PATIENT

99221 Initial hospital care, per day, for the evaluation and management of a patient which requires these three key components: 54.07

- \* a detailed or comprehensive history;
- \* a detailed or comprehensive examination; and
- \* medical decision making that is straightforward or of low complexity.

99222 Initial hospital care, per day, for the evaluation and management of a patient, which requires these three key components: 77.70

- \* a comprehensive history;
- \* a comprehensive examination; and
- \* medical decision making of moderate complexity.

99223 Initial hospital care, per day, for the evaluation and management of a patient, which requires these three key components: 92.40

- \* a comprehensive history;
- \* a comprehensive examination; and
- \* medical decision making of high complexity.

SUBSEQUENT HOSPITAL CARE

- 99231 Subsequent hospital care, per day, for the evaluation and management of a patient, which requires at least two of these three key components: 35.17
- \* a problem focused interval history;
  - \* a problem focused examination;
  - \* medical decision making that is straightforward or of low complexity.
- 99232 Subsequent hospital care, per day, for the evaluation and management of a patient, which requires at least two of these three key components: 43.05
- \* an expanded problem focused interval history;
  - \* an expanded problem focused examination;
  - \* medical decision making of moderate complexity.
- 99233 Subsequent hospital care, per day, for the evaluation and management of a patient, which requires at least two of these three key components: 51.97
- \* a detailed interval history;
  - \* a detailed examination;
  - \* medical decision making of high complexity.

HOSPITAL DISCHARGE SERVICES

- 99238 Hospital discharge day management 42.00

IV. Emergency Department Services

New or Established Patient

- 99281 Emergency department visit for the evaluation and management of a patient, which requires these three key components: 32.55
- \* a problem focused history;
  - \* a problem focused examination; and
  - \* straightforward medical decision making.
- 99282 Emergency department visit for the evaluation and management of a patient, which requires these three key components: 39.90
- \* an expanded problem focused history;
  - \* an expanded problem focused examination; and
  - \* medical decision making of low complexity.

99283	Emergency department visit for the evaluation and management of a patient, which requires these three key components:  * an expanded problem focused history; * an expanded problem focused examination; and * medical decision making of moderate complexity.	53.02
99284	Emergency department visit for the evaluation and management of a patient, which requires these three key components:  * a detailed history; * a detailed examination; and * medical decision making of moderate complexity.	70.35
99285	Emergency department visit for the evaluation and management of a patient, which requires these three key components within the constraints imposed by the urgency of the patient's clinical condition and mental status:  * a comprehensive history; * a comprehensive examination; and * medical decision making of high complexity.	95.55
MISCELLANEOUS		
99288	Physician direction of emergency systems (EMS) emergency care, advanced life support	36.22

V. Neonatal Intensive Care

99295	Initial NICU care, per day, for the evaluation and management of a critically ill neonate or infant.	117.60
99296	Subsequent NICU care, per day, for the evaluation and management of a critically ill and unstable neonate or infant	59.85
99297	Subsequent NICU care, per day, for the evaluation and management of a critically ill and stable neonate or infant	48.11

VI. Home Services

NEW PATIENT

99341	Home visit for the evaluation and management of a new patient, which requires these three key components:  * a problem focused history; * a problem focused examination; and * medical decision making that is straightforward or of low complexity.	28.87
-------	--	-------

- 99342 Home visit for the evaluation and management of a new patient, which requires these three key components: 37.27
- \* an expanded problem focused history;
  - \* an expanded problem focused examination; and
  - \* medical decision making of moderate complexity.
- 99343 Home visit for the evaluation and management of a new patient, which requires these three key components: 56.70
- \* a detailed history;
  - \* a detailed examination; and
  - \* medical decision making of high complexity.
- ESTABLISHED PATIENT
- 99351 Home visit for the evaluation and management of an established patient, which requires at least two of these three key components: 24.15
- \* a problem focused interval history;
  - \* a problem focused examination;
  - \* medical decision making that is straightforward or of low complexity.
- 99352 Home visit for the evaluation and management of an established patient, which requires at least two of these three key components: 30.97
- \* an expanded problem focused interval history;
  - \* an expanded problem focused examination;
  - \* medical decision making of moderate complexity.
- 99353 Home visit for the evaluation and management of an established patient, which requires at least two of these three key components: 36.75
- \* a detailed interval history;
  - \* a detailed examination;
  - \* medical decision making of high complexity.
